Five and Six Per Cent Loans are No Inducement.

It may seem a little bit strange that people buying forms and Wichita property should kick up a storm because the nortgage companies refuse to accept payment of their loans and accrued interest. but that is one of the troubles in the transfer of real estate in this section of the state of Kansas.

It has not been so many years ago that some of the mortgage companies made a big blow about getting out of the state, but now it seems that they refuse to get out when people want to pay their mortgages. They want to stay here. That shows that the people of this section have plenty of money and they do not want to pay interest for somebody's else

THE CASH Stops Pain

Omesa Oil Pains are very much alike. As the old saying goes, "Six of one are half a dozen of the other." The principal difference between pains is the names given by doctors. The name doesn't amount to anything. If the pain is in the back the doctors call it one thing, and if it is in the leg they call it another, and yet if they should change those names the pain would hurt just as bad. Omega Oil stops pain. The trouble may be in the neck, shoulders, back, arms, elbows, wrists, hips, legs, knees, ankles or feet. No matter. Omega Oil puts out pain in all parts of the body just as water puts out fire in all parts of a house. It has been tried so often that there is no longer any doubt about it. Hundreds of thousands of bottles have been used and given satisfaction everywhere. Omega Oil stops pain, and don't forget it.

Omega Oil is good for everything a limiment ought to be good for.
